## DESIGN PROFESSIONAL SUBMITTAL FOR PRE-PERMIT APPLICATION

This form should be used when a Design Professional wishes to begin the permitting process prior to a contractor being hired to conduct the work by the owner. It is a means for the submittal package to be reviewed for accuracy and completeness electronically via the online permitting system, Accela Citizen Access (ACA). It allows the digital plans to be reviewed in their entirety and provides an approval for the application. Once an application is in the status of Approved, a Change of Contractor Form, along with all the required submittals (including a fully executed Permit Application Form), must be submitted and any required fees paid prior to permit Issuance.

□ New Permit	Master #	Master Plan #
Select one of the following permit typ	nes for pre permit application.	
□ Building (BD)	Electrical (EL)	□ Fuel Tank (Underground) (FT)
$\Box$ Gas (GS)	$\square$ Manuf. Building (MF)	$\Box$ Fuel Tank (Underground) (F1) $\Box$ Mechanical (ME)
□ Oas (OS) □ Move/Demo (MD)	$\Box$ Plumbing (PL)	$\square$ Ride (BR)
$\Box \text{ Sign (SN)}$	$\Box$ Swimming Pool (SP)
